Competency-based Learning

LOWER ELEMENTARY 3 MORE CROSS-CURRICULAR

Powerful, Personalized Professional Learning

A collection from Dana Sparkman, Ph.D. Some of the most effective professional development involves being mindful of how adults learn, and involving teachers in creating, presenting, and choosing their own PD. In this collection, you will learn about these important topics. The tutorials featured in this collection come from Capella University's Free PD for Digital Educators program and uses the Sophia platform to deliver learning around this competency.
